STUDENTS SELECTED FOR IIT COLLEGES & ALLIED INSTITUTES

NEET AND ALLIED EXAMS (Students Qualified For Government Medical Colleges and Research Institutes)

- MOHIM teaching standards are at par level with national IIT-JEE and NEET training centers with state of the art teaching equipment and innovative testing modules, The guidance also includes teaching of the board syllabus, preparation for BITS & other engineering exams and KVPY.
- MOHIM has well developed test analysis battery, regular counseling and feedback, even a study time table and diet and exercise schedule is given.
- MOHIM also takes complete responsibility of teaching and conducting tests for the 12th board examinations including CS, IT, Geology and English Subjects.
- MOHIM is a mission to inspire, mentor and nurture young souls to achieve academic excellence, pursue vibrant careers and build strong fundamentals in Maths and Science.
- The faculty of MOHIM includes alumni from prime institutes of India and it adheres to a meticulously designed course plan, excellent Teaching and Testing standards, Mentoring blended with individual counseling and regular feedback given to parents.
- MOHIM has a family of more than 300 IIT and NEET Aspirants and in a very short span from the year 2017 till date has mentored almost 100 IIT and NEET aspiring students and presently almost 200 IIT and NEET aspirants are studying with us.
- MOHIM students have been selected for IIT Institutes at Kharagpur, Indore, Bangalore, Goa, Tirupathi and Madras it has placed students in IISER BHOPAL, VJTI MUMBAI, ICT (previously UDCT Mumbai) and prime institutes for engineering.
- MOHIM has placed NEET students in AIIMS, Hrishikesh, Lokmanya Tilak Medical College Mumbai, Solapur Medical college, Nair Medical College, Dervan Medical College, KLE and other Prime Medicine Institutes.
- MOHIM has achieved excellent success in the KVPY examination which is one of the most significant national scholarship examination with three of its present 12th std securing excellent ranks.

- REGULAR OBJECTIVE & REGULAR SUBJECTIVE TEST
- REGULAR SELF STUDY TIME TABLE
- FEEDBACK & PAPER ANALYSIS SHEET
- PERSONAL COUNSELING
- SEPARATE LECTURE & TESTS FOR BOARDS, JEE, NEET & CET

COURSES

IIT-JEE

An optimized productive course of 18 months with a course schedule of minimum 5 hours of Teaching and Doubt Solving and 1 hour of Testing Daily under the DOST [Daily Objective and Subjective Testing] six days a week, accompanied with daily assignment and weekly test of 180 marks and a IIT Mains / Advanced based Mega-test of 300 marks every month .An exhaustive schedule of 2500 problems per month, monitored and resolved by a dedicated system of doubt solving and mentoring. The topics would be optimally aligned with the subjective examination preparation of the XII th Board examination.

NEET

The NEET students would be mentored with an obligatory math schedule of four months to prepare the base for NEET level Physics and Chemistry and would be mentored with a well planned course of 18 months with a course schedule of minimum 5 hours of Teaching and Doubt Solving and 1 hour of Testing Daily under the DOST [Daily Objective and Subjective Testing] six days a week accompanied with daily assignment and weekly test of 180 marks and a Mega-test of 720 marks every month. The course also would involve an allied activity schedule of actual slide preparation with state of art lab equipment, botanical field trips and excursions and regular Seminar Presentations by students.

XI & XII

The XIth and XIIth standard syllabus would be optimally aligned with the JEE / NEET pattern and covered with essential inputs to prepare the students for the Board Examination with weekly and monthly tests based on the Board pattern and an exhaustive Preliminary Examination Schedule. The College schedules would be facilitated to one day per week according to the respective requirements

FOUNDATION

The institute offers a ten month weekend course [Saturday and Sunday based] for VIII th, IX th and X th standard students designated as MSAP - [MATH and SCIENCE AUGMENTATION PROGRAMME] involving a scientifically planned module to create interest in students regarding math and science and develop their essential skills related to IIT JEE and NEET with a mentoring of minimum 100 hours, regular testing and project work designed to involve the students in Science projects to give first hand experience of taking readings, measurements and creating tools and Gadgets. The programme specially involves the alignment with the school syllabus to create comfort and efficiency in students while learning.
